

## Description:

Fabricated using cold formed steel profiles, 10mm transparent cellular polycarbonate for the rear closure and 3mm transparent methacrylate for the sides. The team shelter is supplied with flooring with artificial turf in front of the seats offering an even more aesthetically appealing appearance and a better comfort for the users. The structure has received a galvanization treatment to withstand the most adverse weather conditions.

The team bench shelter fabricated by Euronix, provides:

- ✚ *High quality in the applied materials*
- ✚ *High resistance and strength of the structure*
- ✚ *Durability of the shelter unit.*
- ✚ *Aesthetically appealing appearance for a model designed for outdoor use.*
